CELLROOTS[®] Arise

Bioformula hydrogel Mask

Product Specifications

PN+PDRN HYALURONIC ACID BIOFORMULA **HYDROGEL MASK**

The At-Home Alternative to Skin Booster Injections

**Experience the benefits of professional
skin booster treatments - without the needles.**

The **CELLROOTS Arise PN+PDRN Hydrogel Mask** is designed as a high-performance home-care solution inspired by aesthetic injection procedures.

Infused with the same core active ingredients used in clinic-grade skin boosters, this mask delivers intensive skin regeneration, hydration, and revitalization in a single treatment.

CELLROOTS ARISE **INGREDIENTS**

Water

HA

Sodium DNA

Glycerin

Niacinamide

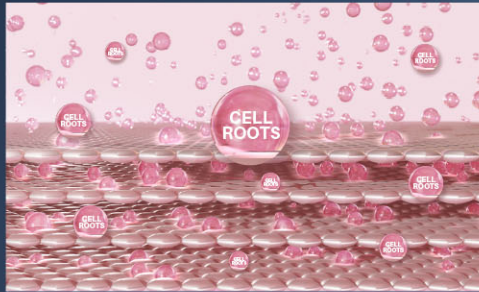

By transforming a concentrated ampoule into a hydrogel sheet, it allows your skin to absorb powerful actives gradually and effectively - bringing clinic-level results into your daily skincare routine.

PN & PDRN	Ultra-Low Molecular Hyaluronic Acid	Collagen Complex	Niacinamide + Glutathione	Ceramide NP + Panthenol	Centella Asiatica + Allantoin
Promote skin repair and regeneration	Deeply hydrates and plumps the skin	Firms and smooths skin texture	Enhances radiance	Reinforces the skin's protective barrier	Calms irritation
Enhance elasticity and skin density	Improves moisture retention at multiple layers	Improves overall resilience	Helps correct uneven skin tone	Prevents moisture loss	Supports recovery of sensitive skin
Support healthy skin turnover					

Core Technology

. Advanced Liposome Delivery System

Encapsulates active ingredients for enhanced penetration, allowing deeper and more effective delivery compared to conventional masks.

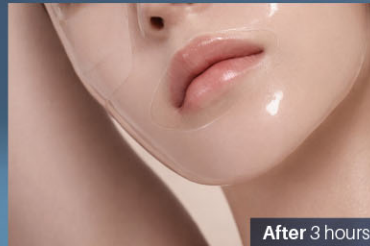

Active Absorption Hydrogel

. Becomes transparent over time

The mask gradually turns transparent as your skin absorbs the essence - ensuring minimal waste and maximum efficacy.

After 3 hours

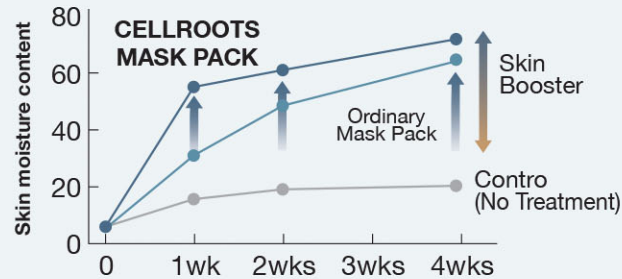

CELLROOTS[®] Arise

Bioformula hydrogel Mask

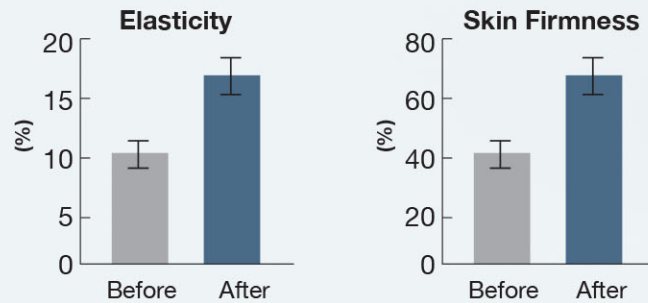

Key Benefits

- Skin regeneration inspired by aesthetic treatments
- Deep hydration comparable to skin booster effects

- Improved elasticity and firmness
 - Brighter, more even skin tone
- Strengthened skin barrier and reduced sensitivity
- Instant glow with long-term skin improvement

CELLROOTS[®] Arise
Bioformula hydrogel Mask

WHY THIS MASK IS DIFFERENT

Inspired by skin booster injections

Formulated with PN (Polynucleotide) and PDRN (Polydeoxyribonucleotide) - key ingredients widely used in professional dermatology treatments - this mask helps support natural skin regeneration and repair from within.

Needle-free skin rejuvenation

Achieve the visible effects of smoother, firmer, and more radiant skin without invasive procedures, downtime, or discomfort.

Ampoule-to-mask technology

A full bottle of concentrated essence is solidified into a hydrogel mask, delivering active ingredients continuously as it melts into the skin and becomes transparent.
